Holly-

Who is the EPA project manager for the NIC site, now that Ken Rapplean is retired?

Also, do you know if EPA or KDHE sent an information request to the Clean Harbors facility (USPCI or HRI at the time) for the NIC site? Apparently an appendix in the NIC RFI report says EPA sent a 104E letter (info request) to USPCI, but I don't have that in my RCRA files. I'm guessing it is either in the superfund files, or it was actually sent by KDHE. Do you have any information about an info request? Thanks.
